

Guidelines for Using Restrooms at SDC During Events Held Outside

To be made available to event coordinator and participants prior to events held outside at SDC

Bathroom Cleaning

- Prior to and following any event, restrooms will be cleaned by the event organizer/coordinator. All surfaces, including toilets, will be sprayed and wiped with disinfectant.

General protocols

- Whether inside or outside the building, all participants must be masked. The event organizer should supply masks to anyone who arrives without a mask.
- All participants should practice at least six (6) feet social distancing outside as well as inside. Indoors, a greater distance—8 to 10 feet—is preferable.
- Containers of hand sanitizer to be placed at the entrances and exits to the building.

Bathroom Usage

- A socially-distanced queue for the all gender restrooms will be established in the South Lobby and will extend out the through the open outside doors.
- Restroom doors should be left open when not in use to signal their availability from a distance.
- Close lid, then flush toilet. Leave toilet in the closed lid position.
- Although we prefer **not** to use the old bathrooms, if use is necessary, establish a queue with a minimum of eight (8) feet between people in the break room area.
- Only one person at a time in any of the restrooms.(Relevant only in restrooms with stalls.)

Hand-washing

- Use a paper towel to turn water on and off
- Using soap, wash hands thoroughly for at least 20 seconds.
- Using a paper towel to turn water on and off, rinse hands thoroughly.
- Use a clean paper towel to dry hands.
- Use a dry paper towel to open and close the restroom door, then dispose of it outside of restroom (separate waste container to be provided).
